CHRISTIAN BRISCOE PERSONAL SITE

A website showcasing the projects and interests of Christian Briscoe.

Cbriscoe.com is a personal website/portfolio which will focus on exhibiting the projects and interests of Christian Briscoe. More casual than a traditional portfolio used only to showcase design ability for prospective employers but somewhat more project-oriented than a blog. The site will include interesting projects done in college, but will also include more personal topics such as current interests.

PERSONAS

John the Employer
Interested in hiring for game design or web design work.

Alex the Friend
Curious in learning about what I do for work and for fun.

Pierre the Peer
Interested in reading about game design brainstorm topics.
